

IN THE SPECIFICATION

Please replace the abstract at page 38 with the following Replacement Abstract. A clean copy of the Replacement Abstract appears at the end of this paper.

~~Preparation of radiation-curable urethane (meth)acrylates~~

~~Abstract~~

~~Tough and elastic radiation-curable urethane (meth)acrylates, their preparation and use.~~

ABSTRACT

A radiation-curable urethane(meth)acrylate, a process for preparing a radiation-curable urethane(meth)acrylate, and a coating composition comprising a radiation-curable urethane(meth)acrylate, in which the radiation-curable urethane(meth)acrylate is tough and resilient and useful in coating systems for a variety of substrates.
